

## Confirmation Sheet for Motorhome downrate

In recent years enforcement checks have shown a large number of light vehicles were found to exceeding the maximum gross vehicle weight. To ensure greater care is applied to vehicles wishing to be downrated we require this sheet completing and returning to us before we can accept your application.

***This sheet must be completed by the operator/owner of the motorhome, not dealer.  
Please note, this information will be held on record for enforcement queries.***

Vehicle Description

Registration Number

--	--	--	--	--	--	--	--

Chassis No.

--	--	--	--	--	--	--	--	--	--	--	--	--	--	--	--	--	--

Condition of vehicle at time of weighing: Unladen, Part laden, Fully loaded.  
 (\*please list clearly any items on board at time of weighing. E.g. fuel, water, people, belongings etc.)  
**A weight ticket must be supplied in all requests for a downrate**

<b>Weighbridge Weight =</b>		<b>Kg</b>
<b>*Payload Allowance =</b>		<b>Kg</b>

(\* Payload Allowance = required GVW e.g. 3500 kg – vehicle weight from weighbridge)

Declaration

I understand that once the vehicle has been downrated to \_\_\_\_\_ kg it will have a maximum payload allowance of \* \_\_\_\_\_ kg.

I consider this to be adequate for my intended use and that to exceed this payload would be illegal.

Signed \_\_\_\_\_ Print \_\_\_\_\_

Date \_\_\_\_\_

I understand that all information submitted to support this application will be stored by SVTECH on the vehicle's record and will be used for enforcement purposes should the vehicle subsequently be found in use overloaded.
